# REFUND/WITHDRAWAL POLICY

The Refund Policy applies to all terminations for any reason, by either party, including student decisions, cause and/or program cancellation, or institution closure.

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. Applicants not accepted by the school shall be refunded all monies paid to the school. If student (or in the case of student under legal age, his/her parent or guardian) cancels the enrollment in writing within three business days of signing the enrollment agreement, all monies collected by the school will be refunded even if the student has begun classes. The "formal cancellation date" will be determined by the postmark on written notification; the date said notification is delivered to the school in person, the date of expulsion by the school, or 30 days after the last day of attendance or the expiration date of an approved Leave of Absence. Unofficial withdrawals for clock hour students are determined by the school through monitoring clock hour attendance at least every thirty (30) days.

If a student cancels the enrollment more than three business days after signing the contract but prior to starting classes, will be refunded all monies paid to the school, less the registration fee in the amount of \$25.00 and the \$100.00 enrollment fee will be made. A student who enrolls and begins classes but withdraws prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies:

PERCENT OF SCHEDULED TIME ENROLLED TO TOTAL COURSE	TOTAL TUITION SCHOOL SHALL RECEIVE/RETAIN
0.01% to 04.9%	20%
5% to 09.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

The refund is calculated based on the students last date of attendance. The date of withdrawal determination for students on leave of absence shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the institution that the student will not be returning. Any monies due the applicant or student shall be refunded within 45 days of formal cancellation date as defined above. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled the school will:

\*Provide a pro rata refund of tuition for all students transferring to another school based on the hours accepted by the receiving school, provide a full refund of all monies paid or provide completion of the course

The school does not participate in any teach-out plans with other institutions. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (I.E: extra kit materials, locks, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in this enrollment agreement.

If student misses three days within the first 30 calendar days, the academy has the right to withdraw student from the program.

## GRADING POLICY

### A. Task Competency Education:

1. **Theory:** The task sheet requires a student to pass all quizzes and test at a certain percentage of accuracy. If the student fails the quiz or test, the student will continue to take the quiz or test until the correct percentage of accuracy is obtained.
2. **Practical:** The task sheet requires a student to pass all the evaluation criterion sheets for a particular job sheet with a certain percentage of accuracy. If the student fails to meet the certain percentage of accuracy that is required for the evaluation criterion, the student will practice the skill until the correct percentage of accuracy is obtained.

B. **Theory includes all tests and quizzes given during any semester of the year.** Students must obtain a 75% or better or it is recommended that they retake the test. Students must obtain 100% on a safety test. **Test count as 40% of the students' total grade.**

C. **Practical (hands on) Skills count as 40% of the students' total grade.**  
Students must obtain a 75% or better or it is recommended that they retake the performance test.

D. **Personal qualities count as 10% of the students' total grade.**

*Promptness to class*...at the start of class and upon return from breaks.

*Shop Dress*...wearing the proper shop apparel and cleanliness of shop clothing.

*Peer relationships*...ability to learn and associate with fellow students.

*Conduct*... displaying appropriate behavior in the learning environment.

*Safety*...performing skills in a safe and proper manner.

*Initiative*...works up to potential; meets expected target dates prompt on turning in assignments; retaking failed quizzes, test or missed practical assignments.

*Follows instruction*...does what is told to do without excessive prodding.

E. **Homework counts as 10% of the students' total grade.**

Essay and research assignments must be turned in by the due date. Not having access to a computer or the internet is not an excuse.

\*All students are encouraged to take advantage of "Second Chance Grading" to make-up work or to bring up a failing grade. Absences more than three days without written permission from a medical doctor will be considered unexcused. Students who miss more than fourteen unexcused days may be withdrawn from Barber and Beauty Academy of Pennsylvania.

## SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

The Satisfactory Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog for review and the policy is provided to students prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts & Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

### EVALUATION PERIODS-ALL PROGRAMS are based on scheduled clocked hours.

Students are evaluated for Satisfactory Progress as follows. All programs are based on a 900-clock hour/30 week academic year

<u>Program</u>	<u>Hours</u>	<u>Applicable Weeks</u>
Cosmetology or Barbering	450, 900	15, 30
Teacher	300, 575	10, 20
Esthetics, Nail Technician, Natural Hair Braider	150, 275	5, 8
Barber Teacher Trainee	450, 900	15, 30

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course. For courses or programs with a total length that exceeds one academic year, each full academic year is divided into two equal evaluation periods and the remainder of the programs is treated as a single evaluation period if the remainder is less than or equal to half of an academic year

### ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are held at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed. Students are scheduled for a private sit down, one-on-one and receive written SAP evaluation results.

### MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory progress is stated below: Students who exceed the maximum time frame are allowed to continue on a cash pay basis.

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	HOURS
Cosmetology or Barbering (Full time, 30 hrs/wk) – 1250 Hours	63 Weeks	1875
Teacher (Full time, 30 hrs/wk) – 600 Hours	30 Weeks	900
Teacher (Part time, 15 hrs/wk) – 600 Hours	60 Weeks	900
Esthetics, Nail Technician & Natural Hair Braider (Full time, 30 hrs/wk)–300 Hours	15 Weeks	450
Esthetics, Nail Technician or Natural Hair Braider (Part time, 15 hrs/wk)- 300 Hours	30 Weeks	450
Barber Teacher Trainee (Full time, 30 hrs/wk) – 1250 Hours	63 Weeks	1875

The maximum time allowed for transfer students who need less than the full course requirements, will be determined based on and not to exceed 150% of the remaining hours needed to complete the course.

### ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written and practical grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93 - 100 EXCELLENT	75 - 84 SATISFACTORY
85 - 92 VERY GOOD	0 - 74 BELOW STANDARDS – UNSATISFACTORY

## **(cont.) SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY**

### **DETERMINATION OF PROGRESS STATUS**

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

### **WARNING**

Students who fail to meet minimum requirements for attendance and/or academic progress are placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and/or academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

### **PROBATION**

Students who fail to meet minimum requirements for attendance and/or academic progress after the warning period may be placed on probation and considered to be making satisfactory progress while during the first probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Progress Policy standards by the end of the evaluation period may be placed on probation. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and/or academic requirements, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

### **RE-ESTABLISHMENT OF SATISFACTORY PROGRESS**

Students may re-establish satisfactory progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period.

### **INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS**

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to return will re-enter in the same progress status as when they left.

### **APPEAL PROCEDURE**

If a student is determined to not be making satisfactory progress, the student may appeal the determination for reasons such as, the death of a relative, an injury or illness of the student, or other allowable special circumstances. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

### **NONCREDIT AND REMEDIAL COURSES**

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory progress standards.

### **TRANSFER HOURS**

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

**VETERANS SECTION**

**Satisfactory Academic Progress (SAP) Policy**

**Evaluation Period (based on actual hours completed)**

Students receiving veteran education benefits will be evaluated for Satisfactory Progress at **300, 600, and 900** hours for the Barbering and Cosmetology programs, **150, 300, and 450** hours for the Cosmetology Teacher and Nail Technician - Esthetics programs, and **75, 150, 225** hours for the Nail Technician, Esthetics, and Natural Hair Braider programs.

**Maximum Time Frame**

Students receiving veteran education benefits must complete a program that is no longer than 110% of the approved clock hours for that program. The VA will not pay for additional hours, but the veteran student may complete the program using other funding.

**Warning**

The first time a student fails to meet minimum requirements for attendance or academic progress during an evaluation period, he/she will be placed on a warning period. During this time, the student will still be considered to be making satisfactory academic progress (SAP). The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period (next evaluation period) the student has still not met both attendance and academic requirements, they will be terminated from the program. The student may appeal the non-satisfactory academic progress decision (see below - Appeals).

Those students meeting attendance and academic requirements at the end of the warning period will be considered to be making SAP.

**Appeals**

Rules cannot be written that will apply to every situation in every school. Therefore, any policy established by the school may be appealed due to mitigating circumstances. If a student wishes to appeal a non-satisfactory academic progress determination, it must be done in writing and contain reasons such as the death of a relative, an injury or illness of student, or other mitigating circumstances. Students must also provide documentation supporting this claim with a statement including changes in the student's situation that will allow the achievement of satisfactory academic progress at the next evaluation. All appeals and results of the appeal are documented in the student's file.

Anyone wishing to appeal a policy must do so using the appeals form and attach any applicable documentation. The appeal will be reviewed by appropriate personnel and a determination will be made. All decisions on appeal are final. Appeals regarding a failure to meet the Satisfactory Academic Progress (SAP) must be made within 15 days of the negative determination. Should the student fail in his/her appeal, they will be terminated from the program.

**Note:** The VA will be notified of veteran termination for lack of satisfactory academic progress and student benefits may be impacted.

**Probation**

Students who fail to meet minimum requirements for attendance or academic progress at the end of the Warning period, but who successfully appeal their case due to mitigating circumstances, are placed on probation and considered to be making satisfactory academic progress while on the probation period.<sup>12</sup>

1000 me

The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. Students placed on probation must have an academic plan and be able to **meet** requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making SAP.

ed now

If at the end of the probationary period, students that have met the SAP standards will be taken off probation. Those students that have still not met both attendance and academic requirements required for satisfactory academic progress or by the academic plan will be determined as NOT making satisfactory academic progress and terminated from the program. VA educational benefits will be discontinued when the veteran or eligible person ceases to make satisfactory academic progress.

**Note:** No more than two terms (evaluations periods), quarters or semesters on warning/probation will be permitted.

Establishment of the policy to return Title IV monies and student refunds in a timely manner is indicative of the student's last date of attendance. If a student who is a recipient of Title IV financial aid withdraws prior to completing the required course hours in the payment period, a computation will be completed and any applicable returns by the school will be compensated within 45 days after the determination date of withdrawal, as specified in the federal regulation for treatment of the Return of Title IV funds. The disbursements will be made as follows: first to the unsubsidized Federal Direct Student Loan Program; second subsidized Federal Direct Student Loan Program; third Direct PLUS Loan Program; fourth Federal Pell Grant Program. The amount earned by the school and owed by the student will be determined after all applicable returns have been processed.

Determination is made by the school of the earned and unearned portions of Title IV aid effective the date the student's attendance has discontinued because we are a clock hour program, the hours the student was scheduled to attend. In each payment period, a pro-rata schedule up through the 60% point is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. A student has earned 100% of the Title IV funds scheduled to receive during the period after the 60% point. Any student withdrawing beyond the 60% point, there are no unearned funds. The school must still make a determination as to whether or not the student is eligible for a post withdrawal disbursement. Any charges the student may owe after withdrawing will be determined by the school. The Title IV aid the student has earned will not be affected by those policies under the calculated return. If the student is entitled to post-withdrawal disbursements, the schedule below is followed.

Grants must be disbursed within 45 days.

Loans will be offered to the student within 30 days, allowing the student at least 14 days to respond to accept or decline the funds.

All post-withdrawal disbursements are applied to student account first, and any R2T4 calculation that results in a credit balance on the student's account the credit Balance is disbursed as soon as possible and no later than 14 days after the calculation of R2T4. And, if the R2T4 calculation results in an amount to be returned that exceeds the school's portion, the student must repay those funds.

During a Leave of Absence, students that are recipients of Federal financial aid will have their pay period suspended, no financial aid will be disbursed during that time period. Payments will be resumed upon the return of the student. Payment period and coursework will resume, student will not be eligible for any additional Title IV aid until the payment period has been completed. Title IV Loan recipients will be informed of the consequences of failing to return from a leave, and the effects to the repayment terms of the loan, including the expiration of the grace period.

Competency Based Programs with a Clock Hour Component shall give notice to the student that, should the student complete the program earlier than the estimated timeframe stated in the contract, the students financial aid package may be recalculated and that this may result in liabilities owed by the student and/or the institution, if applicable.

# Philosophy of Education

Education is the pathway to success. At Barber and Beauty Academy of Pennsylvania, we believe students bring their past experiences into the learning process and add new knowledge to what they already know in unique ways. Thus, different types of learning experiences should be provided for them.

Given this, our classroom environment includes textbooks, resource books, video, and computers with internet access, all coupled with hands-on experience.

At Barber and Beauty Academy of Pennsylvania, our philosophy also includes an essentialist view in the use of Pennsylvania Cosmetology, Barber and Academic Standards.

Our job as educators is to create a learning environment that is conducive to the ways students are able to learn. A teacher can be a tool of torture or an instrument of encouragement. We believe we can make the classroom a place where students want to come to gain positive, fruitful experiences and walk away better people.
